Colonel Stanley J. Grogan Central Intelligence Agency 2430 E Street, N. W. Washington, D. C.

Re: THE COUNTERFEIT TRAITOR

Dear Colonel Grogan:

In behalf of George Seaton, I am sending you a copy of the first white script on the above mentioned production. This first white script will evolve into the final white script when all the production details are set. This means only that maybe a line here and there might be changed, or a sequence rearranged, but all in all this is it, and the pattern is set.

I hope you will find that Eric's role is now quite heroic. We all feel that George has done a hell of a job on this script, made possible only by the off-the-record and untiring cooperation from the Director General and you. May I thank you both, Colonel, for your personal courtesies to me, and may I some day be able to repay them manyfold.

George, as you know, is now directing on our lot THE PLEASURE OF HIS COMPANY. Production on COUNTERFIET TRAITOR will start in April, overseas.

Personal regards to you both,

RD: jm Enclosure
